Was there a K4LIB QSL card? Everyone had Arthur on their VIP list but never a QSL posted! Did Mr. Godfrey get into the QSL era? Finally we obtained TV/Radio & recording star Arthur Godfrey's QSL card 17 Feb 2006. Those of us who watched and listened to his daily broadcasts will never forget the "Red Head!" We desire to remember the good years about him, his military service, flying and fraternal interests, ham radio. To his credit, Arthur was an early "Save the Planet" spokesman and planner. They called it "ecology" in those days.
